

Indoor Playgrounds

Considered spaces for childhood play.

01 / OUR COMPANY

Dezayn Creative

Indoor play, thoughtfully designed.

Dezayn Creative is the playground and creative play space sub-brand of Dezayn Design. Our indoor playground offering brings together spatial planning, play structures and complementary furniture to create cohesive environments for children.

Our approach considers how children move through a space, engage with individual activities and share the environment with others.

Tampin, Negeri Sembilan

SUB-BRAND

DEZAYN CREATIVE

Indoor playgrounds &
creative play spaces

DESIGN PURPOSE

To create inviting indoor environments that encourage movement, exploration and shared play, with a visual identity suited to each setting.

02 / FOUNDER BACKGROUND

Hafizzudin Zalaya

FOUNDER

DEZAYN DESIGN & DEZAYN CREATIVE

*Experience that gives play a stronger foundation.*

Since entering the playground industry in 2015, Hafizzudin Zalaya has been involved in more than 100 indoor and outdoor playground sites. This breadth of experience underpins his leadership of Dezayn Design and Dezayn Creative, bringing a site-informed perspective to the creation of indoor play environments.

100+

PLAYGROUND SITES

2015

INDUSTRY BEGINNINGS

2016

CPSI AWARDED

PRACTICAL EXPERIENCE. SAFETY-AWARE LEADERSHIP.

His experience also includes involvement in playground safety-standard testing with SIRIM. Alongside his CPSI certification awarded by NRPA in 2016, this background brings a safety-aware perspective to Dezayn Creative's design approach, connecting creative ambition with practical site considerations.

Professional credential documentation appears on page 13.

03 / INDOOR PLAY SOLUTIONS

A considered approach to indoor play

01 Spatial Planning

Play zones, access routes and activity relationships arranged around the available interior.

02 Play Structures

Climbing elements, steps and slides selected to suit the concept and intended age group.

03 Interactive Play

Learning panels, mazes and role-play features integrated into the wider play experience.

04 Playroom Furniture

Tables, seating and storage that support daily use and complement the interior.

Original photography from the Dezayn Creative archive.

04 / INDOOR PLAY ENVIRONMENT

Natural warmth. Purposeful play.

DEZAYN CREATIVE / PHOTOGRAPHIC ARCHIVE

Timber play structures, a compact slide and a table activity area share a single interior. The natural finishes establish a consistent visual language across the equipment and surrounding space.

Original photography from the July 2025 archive, shared on the Dezayn Creative page.

05 / ACTIVE PLAY

Room to explore

Physical play introduces opportunities for children to explore movement within a dedicated indoor setting.

Climbing
Hanging
Exploration

ORIGINAL PHOTOGRAPHY

An indoor active play setting from the official Dezayn Creative gallery.

06 / FURNITURE & PLAY CORNERS

Details that complete the play environment

TABLES & SEATING

Child-sized furniture provides a setting for shared play and table-based activities.

OPEN STORAGE

Accessible shelving forms part of an organised indoor play corner.

A cohesive interior extends beyond the play structure.

Original photography: Dezayn Creative furniture and playroom gallery.

07 / DESIGN CONCEPT

Two-Storey Indoor Playground

CONCEPT VISUALISATION / AI RENDER

A Dezayn Creative design concept combining a spiral tube slide, an upper deck, rope guarding and a sheltered role-play area beneath the structure.

2-6

YEARS / TARGET AGE

Design concept for review. Final dimensions, components and site suitability require project-specific confirmation before fabrication.

08 / CONCEPT ACTIVITY PROGRAMME

Twelve integrated play features

01-03

Movement

Staircase access

Upper deck and tube entry

Spiral tube slide

04-06

Imagination

Lookout window

Pretend play kitchen

Under-deck play area

07-09

Early Learning

Alphabet panel A-Z

Number panel 1-10

Maze activity panel

10-12

Interaction

Gear play panel

Counting slider panel

Shape recognition panel

AN INTEGRATED LAYOUT

Ground-level activities and upper-deck features form a single design concept. The final selection is tailored to the available space and project brief.

Reference: Dezayn Creative indoor playground concept catalogue, September 2026.

09 / CONCEPT SPECIFICATION

Natural character. Defined specifications.

01

Pinewood

Timber posts and structural elements, sized to the final design.

02

Plywood

Panels and components, with grade and thickness defined in the project specification.

03

Pinewood Coating

Coating and finish selected to complement the timber and agreed project palette.

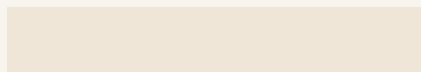

04

Tube Slide

Spiral tube slide, with dimensions and configuration confirmed in the final design.

OLIVE

CREAM

NATURAL WOOD

These specifications apply to the illustrated concept and are not universal specifications for all projects. The image is a concept render.

10 / PROJECT APPROACH

A structured approach to your project

Each proposal is developed around the space, the intended users and an agreed scope of work.

01 Project Brief

Review site dimensions, photographs, intended age groups and the activities required.

02 Concept Development

Develop the layout, material palette and visual direction for discussion.

03 Scope & Specification

Agree the drawings, components, pricing, delivery and installation requirements.

04 Preparation & Installation

Proceed in accordance with the confirmed scope and agreed project details.

11 / TECHNICAL CONSIDERATIONS

Attention to detail, throughout the design

Indoor playground planning considers both the equipment and the way the space will be used. Materials, connections, surfacing and user information are developed alongside the design and site requirements.

Components & Connections

Material types, bolts, fixings and protective caps are selected to suit the system and final design.

Surfacing & Play Areas

Flooring, circulation and the space around equipment are considered as part of the site layout.

User Information

The intended age group and operating guidance are aligned with the selected equipment and project documentation.

PROJECT DOCUMENTATION

Final drawings and specifications define the agreed scope. Warranty coverage, inspection requirements and any product or site certification must be confirmed in the project documentation. The founder's CPSI credential is a personal qualification, separate from product or site certification.

12 / PLAYGROUND SAFETY CREDENTIAL

Certified Playground Safety Inspector

Hafizzudin Zalaya / National Recreation and Park Association (NRPA)

ARCHIVED CERTIFICATE / ORIGINAL DOCUMENT

CPSI addresses playground hazard identification and risk management, including equipment specifications and surfacing requirements.

Certificate: founder's archived credential. Programme information: NRPA / CPSI.

13 / COLLECTION 01

Wooden Indoor Playground

A MULTI-ACTIVITY CENTREPIECE

PRODUCT REFERENCE

41009316236

Dezayn Creative

Shopee collection

A timber play structure that brings sliding, climbing and hanging activities together in one indoor setting.

MATERIALS

Pinewood, birch plywood and aluminium.

FEATURES

Slide / Monkey bars / Rope climbing
Swing / Raised platform / Climbing ladder

DIMENSIONS

5 ft x 7 ft x 7 ft high

Listing photography. Confirm the equipment footprint and required clearances against the final layout.

13 / COLLECTION 02

Climbing Set

MOVEMENT IN A COMPACT FORMAT

PRODUCT REFERENCE

44161835671

Dezayn Creative

Shopee collection

An indoor climbing frame combining a rope net, ladder and swing, with a natural timber finish.

FEATURES

Rope climbing / Climbing ladder / Swing

MATERIALS

Pinewood, birch plywood and aluminium.

PROJECT FIT

Confirmed with your project quotation.

Dimensions and installation clearances are confirmed in the project quotation.

Alpine Mini Slide

A SMALLER SCALE OF ADVENTURE

*Designed for
little moments
of discovery.*

PRODUCT REFERENCE

43623210429

Dezayn Creative
Shopee collection

A compact indoor slide with climbing access and a mini shelf, presented in a natural wood finish.

FEATURES

Slide / Climbing ladder / Mini shelf

MATERIALS

Solid wood and aluminium.

DIMENSIONS

1,518 L x 479 W x 884 H mm

AI lifestyle visualisation based on the Alpine Mini Slide. Not an installation photograph.

13 / SPECIFICATION & ENQUIRIES

Choose the play. We plan the space.

The collection provides a starting point for your indoor playground brief. Our team can discuss the equipment, layout and installation requirements for your space.

01 / Select your product

Reference the product name or item number when contacting our team.

02 / Share your site

Provide room dimensions, ceiling height, access details and site photographs.

03 / Confirm the specification

Agree the final configuration, intended users, equipment dimensions, clearances and installation scope.

04 / Request a quotation

Pricing, delivery coverage, installation and warranty terms are confirmed in the written quotation.

Catalogue based on Dezayn Creative Shopee listings reviewed on 25 September 2026. Product imagery is for reference. Final specifications are confirmed before order.

14 / PROJECT ENQUIRIES

Your next indoor play space

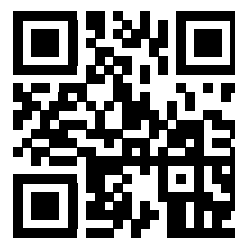

Share your site dimensions and photographs with our team to discuss an indoor playground concept for your space.
